

Fellow EIC

Douglas Ruth - nominated by the Canadian Society for Mechanical Engineering

Douglas Ruth is Dean of Engineering at the University of Manitoba and a passionate engineer who believes in improving the quality of life through sound engineering practices. As such, he has contributed significantly to the enhancement of engineering education by serving on the CEAB Board, and by helping to improve its criteria for accreditation. He has also championed the establishment of the Design Engineering Program in Canada, and served on NSERC's Design Engineering selection committee.

Doug Ruth est fellow de l'Académie canadienne du génie et il a consacré sa carrière à l'enseignement du génie. Il a mérité des prix de l'Université du Manitoba et il a notamment reçu le prix d'éminent conférencier accordé par le « Canadian Design Engineering Network ». Doug Ruth a servi la profession avec distinction et à plusieurs titres, en étant membre actif de plusieurs sociétés savantes, dont la Société canadienne de génie mécanique.

Tonight we celebrate the achievements of a passionate, dedicated teacher, administrator and engineer by conferring these special honours.

Ladies & gentlemen and Mr. President, please welcome Douglas Ruth as a Fellow of the Engineering Institute of Canada.
