

Fellow EIC

Ebrahim Esmailzadeh - nominated by the Canadian Society for Mechanical Engineering

Ebrahim Esmailzadeh is a Professor of Mechanical Engineering and Founding Engineering Programs Director at the University of Ontario Institute of Technology. He is an Adjunct Professor at the Universities of Toronto, Waterloo and Concordia, and prior to that was a Distinguished Professor at Sharif University and an Exemplar Professor of Universities in Iran. His contributions to research and innovation in modeling complex engineering problems have earned him recognition in the engineering and scientific research communities.

Ebrahim Esmailzadeh a consacré sa vie à la promotion de la profession d'ingénieur auprès des étudiants, et plus précisément à la communication de sa passion pour le génie mécanique. Sa compétence et son leadership dans le domaine des vibrations, de l'autocommande, des systèmes nonlinéaires et de la dynamique des véhicules sont reconnus. Ebrahim Esmailzadeh est un chercheur actif et passionné, qui a déjà mérité de multiples distinctions pour son enseignement et ses travaux de recherche. Il est fellow de la SCGM, de l'ASME et de l'ImechE.

For his dedication to teaching, research and services to learned societies, we are pleased to confer these honours upon him this evening. Ladies & gentlemen and Mr. President, please welcome Ebrahim Esmailzadeh as a Fellow of the Engineering Institute of Canada.
