

**EIC Fellow**

**Ding-Yu Peng**

**Nominated by the Canadian Society for Chemical Engineering**

Ding-Yu Peng is a Fellow of the CAE and CIC. He's received many awards such as Schlumberger Ltd. Equation of State 30<sup>th</sup> Anniversary Commemoration, the Association of Professional Engineers and Geoscientists of Saskatchewan Outstanding Achievement, and the Gas Processors Association Donald L. Katz and Innovative Excellence.

Ding-Yu's achievement may be summarized in terms of the prediction of the properties of complex petroleum fluids at various conditions more accurately and the co-development of the Peng-Robinson equation of state.

Tonight, we are only too pleased to celebrate his career as we confer this honor.

Ladies & gentlemen and Mr. President, please welcome Ding-Yu Peng as a Fellow of the Engineering Institute of Canada.
