

EIC Fellow

David Sinton

Nominated by the Canadian Society for Mechanical Engineering

David Sinton's work in microfluidics has been recognized in many ways: University of Toronto McLean Senior Fellow, University of Victoria: Excellence in Teaching, the CMC Microsystems: Douglas R. Colton Award and the CSME: I.W. Smith.

David is recognized tonight for contributions to microfluidics, most notably for energy applications.

This evening we are pleased to honor this dedicated engineer.

Ladies and Gentleman and Mr. President, please welcome David Sinton as a Fellow of the Engineering Institute of Canada.
