

EIC Fellow

Alexander Sy

Nominated by Canadian Geotechnical Society

Alexander Sy is currently the Vice-President, Engineering, at Klohn Crippen Berger Ltd. His work towards CGS earned him the Society's Colloquium Winner.

For his contributions to the profession as a manager, designer, analyst, researcher and educator, we are pleased this evening to honor this talented and dedicated engineer.

Ladies & gentlemen and Mr. President, please Alexander Sy as a Fellow of the Engineering Institute of Canada.
