Dimitrios Hatzinakos

IEEE Canada

Dimitrios Hatzinakos is the holder of the Bell Canada Chair in Multimedia and Director of the Identity, Privacy and Security Institute (IPSI) at the University of Toronto. His research interests are in the areas of Multimedia Signal Processing, Multimedia Security, Multimedia Communications and Biometric Systems. He is widely known for his research in the areas of blind deconvolution, digital watermarking and medical biometrics.

A committed educator, he has supervised the research work and thesis completion of over 50 graduate students. He is currently Associate Editor for IEEE Transactions on Mobile Computing. He has also served as an Associate Editor for IEEE Transactions on Signal Processing and as a member of the IEEE Statistical Signal and Array Processing Technical Committee. He is a Senior Member of the IEEE and member of EURASIP, Professional Engineers Ontario, and the Technical Chamber of Greece.

Tonight, we are only too pleased to celebrate his career as we confer this honour.

Ladies & gentlemen and Mr. President, please welcome Dimitrios Hatzinakos as a Fellow of the Engineering Institute of Canada.
