

EIC Fellow

Mark Stephen Diederichs

Nominated by Canadian Geotechnical Society

Mark Stephen Diederichs is an accomplished engineer. His numerous awards may be summarized as follows: the CGS: Quigley Best Paper, John Franklin Award, and Colloquium Award, the NSERC Discovery Accelerator Supplement, the Queen's University Chancellor's Research Award, and Ontario Premier's Research Excellence.

Tonight, we honor this engineer by elevating him to the grade of Fellow of the EIC for his contributions to geotechnical Engineering, Engineering Geology and Rock Mechanics.

Ladies and Gentleman and Mr. President, please welcome Mark Stephen Diederichs as a Fellow of the Engineering Institute of Canada.
