

EIC Fellow

Janusz A. Kozinski

Nominated by the Canadian Society for Chemical Engineering

Janusz Kozinski's career may be celebrated in many ways. Among the prestigious prizes and awards, there are Embassy of France in Canada Advanced Scientific Exchange Award, McGill University Sir William Dawson Honor, University of Utah Senior Kosciuszko Fellowship, MIT Kosciuszko Visiting Fellowship, and the Poland Ministry of Science and Higher Education Award.

Above all, Janusz is being recognized by his peers for creating a new Renaissance Engineering™ program, at York by hiring 100 new faculty and staff, and expanding the student body by 1500.

Tonight, we are only too pleased to celebrate his career as we confer this honor.

Ladies & gentlemen and Mr. President, please welcome Janusz Kozinski as a Fellow of the Engineering Institute of Canada.
