

The Engineering Institute of Canada
2020 Award Citation
EIC Fellow

Douglas Reeve

Nominated by the Canadian Society for Chemical Engineering

Dr. Douglas Reeve is a professor in the University of Toronto Department of Chemical Engineering and Applied Chemistry and served as Chair of the department from 2001-2011. He was the founding director of the Troost Institute for Leadership Education in Engineering until 2018. The Institute's research on engineering leadership in the workplace and the classroom has been funded by 13 engineering companies and won international acclaim.

Doug was also founding Director of the University of Toronto Pulp & Paper Centre. During his term, the centre created more than twenty-five million dollars in research programs with financial support from 45 companies in seven countries. Beyond U of T, he has acted as a consultant to the pulp and paper industry in 18 countries and taught numerous professional development short courses attended by over 3000 pulp and paper industry professionals.

From 2007 to 2012, he was commissioned by the Swedish government to lead the international evaluation of university-industry centres. Doug has received all the major awards from the three key divisions of the Technical Association of the Pulp and Paper Industry and has been inducted into the International Pulp and Paper Hall of Fame.

Ladies and gentlemen, and Mr. President, please welcome Douglas Reeve as a Fellow of the Engineering Institute of Canada.
