

NEWS COMMUNIQUÉ

Office of the President

14 December 2021

The Engineering Institute of Canada, founded in 1887, is pleased to announce the winning recipients of its 2022 senior engineering awards and fellowship inductees. The senior awards of the EIC are the highest distinctions made by the Institute and are awarded to deserving members of its 14 constituent societies.

Five truly exceptional engineers are being awarded EIC's 2022 engineering medals in recognition of their outstanding achievements and service to the engineering profession. In addition, 20 outstanding engineers will be inducted as 2022 EIC Fellows for their exceptional contributions to engineering in Canada.

The 2022 awards are scheduled to be presented along with 2021 and 2020 awards at the next EIC Gala/ Banquet which, pandemic circumstances allowing, will be held in person at the Hilton Lac-Leamy hotel in Gatineau/Ottawa on 30 April 2022. Unless this plan is modified, **we sincerely hope you will be able to join us** in person to celebrate these truly outstanding engineers. Gala tickets may now be reserved [online](#).

The 2022 award winners are listed on the next two pages.
